

## LONG YEARS AGO

August 8, 1904

The butter output of the local creamery this week was 3400 lbs., the highest since the creamery commenced operations.

To the sorrow of boys and girls, school opens on Monday, Aug. 15.

D.S. Shantz is hard at work these days sowing fall wheat. He has a patch of wheat on his farm ready for cutting.

The Prize Lists for the fall fair to be held September 29th, are out.

The farmers east of Didsbury have been busy the past week cutting their barley, etc. It is a pleasing sight to see the fields all in stock.

Mr. Ezra Siebert's house south-east of town is nearing completion.

## WESTCOTT W.I. MEET AT HOME OF MRS. H. WILHUSEN JULY 25

Due to the bad roads the June meeting of the Westcott W.I. was postponed a month, but met on Thursday last, July 25th at the home of Mrs. Henry Wilhusem with ten members and four visitors present.

The meeting opened in the usual manner and the roll call was answered by a guinea contest and photos of our husbands when they were young.

It was decided to take a trip to the Old School of Agriculture on August 10th at 12 noon. Anyone interested is welcome to join the Institute's members and their families. A picnic lunch will be served, followed by a tour of the grounds.

The song, "The More We Are Together," was sung. Mrs. C. Shields gave as her five minute Educational talk, "The Golden Calf and Horse," the Palomino.

The report of the W.I. conference was then given by Mrs. Alex Robertson.

Mrs. Swansby, in the absence of Mrs. Baudistel, was in charge of the "Bit of Fun."

The remainder of the afternoon was spent in social activities. The August meeting will be held at the home of Mrs. Owens on August 29, at 2.30 p.m.

## A.C. RUBY OF TORONTO TO ATTEND CELEBRATION

Mr. A.C. Ruby, branch manager of the Eagle Star Insurance Company Ltd., of Toronto, has written to the editor as follows:

"Dear Sir: I read with interest the announcement of the 50th Anniversary Celebration on August 14th.

"As a member of one of the earlier families in the district (March 1902) I hope to be able to attend and meet some of the real friends

## Pine Lake Said to be All Right For Fishing and Swimming

Mr. H. Walter of Pine Lake reports that all statements that have been circulating recently concerning unwholesome conditions for fishing and swimming at Pine Lake this season are entirely groundless. Government inspectors have completed a survey of and investigation at the lake and find that the number of dead fish at the lake are the result of peculiar circumstances prevailing throughout the past winter which caused the fish to be starved for oxygen and resulted in a comparatively high mortality rate this spring and summer.

However the government men have given the lake a good bill of health, and fishing and swimming are quite okay according to Mr. Walter.

## ARMSTRONG, WATKIN LEAD THE GUN CLUB AT LAST REG. SHOOT

The seventh trap shoot of the Didsbury Gun Club was conducted at the W. McCoy grounds east of town on Tuesday, July 16th when 14 members took part.

Cy Armstrong again headed the shoot when he broke 21 out of 25, with Ed Watkin getting his high for the season with 18 out of 25.

Following is the result of the July 16th shoot:

Armstrong 21; Watkin 18; Wrigglesworth 15; L. Berscht 14; Studer 14; Prevost 14; Glaum 13; Klein 13; Folkman 11; Walders 10; Gabel 10; E. Wilkins 9; McCafferty 9; Berscht 8.

The members did not shoot last week due to the shortage of ammunition, but since that time the club has secured some additional shot shells and the regular event was again held last evening. Results of this shoot will appear in our next issue.

## SPORTS DAY ONLY TWO WEEKS AWAY

Two weeks from today the Oldtimers' Jubilee of the Didsbury Lions Club will be held. Those planning to enter floats in the parade are reminded to get busy at once and prepare for the big event. Plans should also be made now for the other entries in the parade and sports events.

Remember, entries close on Tuesday, August 13th.

## LONE GUIDE COMPANY CAMP AT WESTCOTT

The 10th Alberta Lone Guide Company held their annual camp at Westcott last week. Thirteen girls spent four busy days in knotting, building outdoor cooking equipment, swimming and other outdoor activities. For nine of the girls it was the first experience in sleeping outdoors and the weather cooperated very well.

Sunday morning the Guides joined by the Scouts, Cubs, Mrs. Ady, Erna Fischer and several Didsbury Rangers, held a campfire at the Westcott United Church.

Sunday evening a large rally of Scouts and guides, their parents and friends was held at the camp. There were lively Scout-Guide competitions in knots, first aid, fire lighting and tent lowering.

A friendly camp fire closed the camp.

The girls were very fortunate to have as their guest Miss Beth Reddock, Provincial Camp Adviser. Her practical suggestions and her wonderful spirit will help make the next camp an even better one.

Donnie Andrews and Clive Johnson took advantage of the hot weather on Monday and provided lime drinks to the people about town during the afternoon. The business venture was profitable and from a 30-cent investment they took in \$2.10 and still had a gallon left to sell when they left the Pioneer Office.

## DIDSBURY HOSPITAL BIRTHS

## FARMER SCARED SO BADLY HE COULDN'T DO CHORES

The "Bearded Gentlemen" of the Didsbury Lions Club and local and district residents who are growing facial hairs for the celebration on August 14th are now all awake up in the mornings his shadow on the wall scared him so badly he was unable to do the day's chores on the farm.

## CELESTINA SPRAGGS LAID TO REST IN THE DIDSBURY CEMETERY

Funeral Services for Celestina Spraggs who died on Monday, July 29th, in Central Alberta Sanatorium after a lengthy illness, were held in the Catholic Church in Didsbury on Wednesday, July 24th.

Rev. D. A. MacLellan of Oids officiated.

Celestina was born on Oct. 29th, 1917, at Penzance, Sask, and went to Peace River as a girl. She was married to Patrick Spraggs, May 12, 1935, at Hythe, Alberta.

She leaves to mourn her loss, her loving husband, three daughters Shirley, Mary and Patricia; also three brothers and three sisters.

Funerals were held at the home of Sam Elliott, Herb Lachman, Oswald Jenkins, Harold and Fred Metz.

Remains were laid to rest in the family plot in Didsbury cemetery, with Didsbury Funeral Home in charge of arrangements.

## BEES SWARM AT G. CAITHNESS RESIDENCE

Friday afternoon about one o'clock Mr. A.G. Studer on his way down town, was suddenly confronted with a swarm of bees just opposite the Gordon Calithness residence. Needless to say Mr. Studer did not go any farther, but backed up to survey the situation. By this time the bees were swarming over the sidewalk and over the road across from the school. A roundabout way through the school yard provided safe passage

down town and we understand that in a few minutes the swarming of the bees was all over. They finally located in the Calithness residence, gaining entrance between the walls by a small hole provided for the telephone wire inlet.

Should the bees be allowed to remain in their new family home all the Calithness family will have to do to provide their next year's honey supply will be to fear a few boards off the house late next fall. It is doubtful, however, if the honey acquired would pay for this expensive alteration, especially with the high price of new lumber and carpenter's wages which prevail at the present time.

Mr. Ed Klink. Dresser scarf: 1st Mrs. Claude Curcure; 2nd Mrs. Henry C. Brown.

Pot holders: 1st Mrs. P. McNeil; 2nd Mrs. L. Wrigglesworth.

Three knitted baby's articles: 1st Pauline Westfall; 2nd Sarah Zook.

## Big Time Planned At Lions' Jubilee

The largest and most varied sports program ever to be held in Didsbury is planned by the Didsbury Lions Club at its Oldtimers Jubilee to be held on Wednesday, August 14th, with the entire proceeds going to the Didsbury and district Swimming Pool.

The day's program will start sharp at 9.30 a.m. when the parade will line up at the Rosebud Garage \$100 in prize money will be devoted to the prize winners in this parade, as follows:

Best Glamour Outfit, horse and mount decorated: 1st \$25; 2nd \$10. Best Old Time Outfit, any number of horses—outfit must include buggy or wagon: 1st \$15; 2nd \$10. Best Western Outfit, horse and mount only: 1st \$15; 2nd \$10.

A Kid and His Dog: sundry prizes totalling \$10. Best Decorated Car: 1st \$5; 2nd \$3.

Best Decorated Bicycle: 1st \$5; 2nd \$3; 3rd \$2. Floats: 1st \$10; 2nd \$5. Best Decorated Shetland Pony: 1st \$5; 2nd \$3; 3rd \$2.

Best Dressed Indian Man: 1st \$15; 2nd \$10. Best Dressed Squaw: 1st \$15; 2nd \$10.

Best Clown in Parade: \$3. The three Best Bearded Men, judged from those now growing beards for the great event, will lead the parade in a Model T Ford.

Entries must be turned in to Bill Payne by Tuesday, August 13th.

Following the parade the sports

program will commence at the Fair Grounds with Horse Races being a big feature. \$600 in prize money has been allotted for the Harness Races and entries now on hand indicate that at least 20 horses will take part in this class.

There will also be a One Mile Open Run Race; 3-Mile Open Run; 1-Mile California Cart Race; 1-Mile Indian Race and 1-Mile Shetland Pony race.

In the Hardball Tournament four teams have entered: Beiseker, Innisfail, Cremona and Didsbury, and baseball lovers can be assured of first class entertainment.

There will also be four teams entered in the Ladies' Softball Tournament.

An Open Horsehoe Tournament, and Novelty Events for young and old are also included on the day's sports program.

As this is the Didsbury Oldtimers' Jubilee, provision has been made to have the Old Timers' Headquarters on the grounds.

The Victory Show will provide entertainment for young and old, and in the evening a "Jitney" Dance will be held on the grounds.

In conjunction with the Jubilee a Carnival Queen Contest is being held and some time during the day or evening there will be a colorful ceremony when the Carnival Queen is crowned.

Plan now to attend Didsbury's Largest Sports Day on Wednesday, August 14th.

## CHARIVARI FOR MR. AND MRS. A. KONSCHUH AT WESTCOTT

The people of the Westcott district gathered at the home of Mr. and Mrs. Allan Konschuh on Friday evening, July 26 in the form of a charivari. Between 50 and 60 friends were present and games were played, followed by a delicious lunch.

A sum of money was collected and on behalf of those present Mr. Harry Levagood presented this to the newlyweds, who both thanked everyone for their kindness.

## LARGE CROWD ATTEND FISH AND GAME PICNIC AT INNISFAIL

The combined picnic of the Innisfail, Olds, Didsbury and Carstairs Fish and Game Associations was held at the Government Fish Hatchery at the Raison on Sunday, July 28th, and a large crowd attended from all parts of the country.

Included on the sports program were children's races, demonstrations of archery, shooting, fly casting, etc. Charlie Mortimer and son Bob of Didsbury entered the fly casting tournament and upheld the Didsbury club members' reputation for "foolin' the finny tribe."

## Price of Wheat May be Raised To \$1.40 a Bushel August 1st

Trade Minister MacKinnon has announced in the Commons a four-year agreement under which Canada will sell Britain 600,000,000 bushels of wheat at a fixed price of \$1.35 a bushel for the first two years and at minimum prices of \$1.25 and \$1 a bushel for the third and fourth years respectively.

The agreement becomes effective Aug. 1 this year.

It provides that Britain will purchase 10,000,000 bushels of Canadian wheat in the crop year 1946-47, 160,000,000 in 1947-48, 140,000,000 in 1948-49 and 140,000,000 in 1949-50.

Britain may sell or dispose of the wheat and flour purchased under the agreement in whatever manner it may deem fit, subject to both in regard to destination and price.

Mr. MacKinnon said the contract provides that in the event of the United Kingdom requiring from Canada any additional quantities of wheat which the Canadian government is prepared to make available "such additional quantities which the Canadian government offers and the United Kingdom government accepts shall in all respects be subject to the provisions of the agreement."

Part of the quantity of wheat specified in the contract will be supplied in the form of flour in the following amounts:

1946-47—500,000 tons firm with an additional quantity up to 140,

000 tons dependent upon the output of the crop;

1947-48—400,000 tons firm with an additional quantity up to 140,000 tons dependent upon the crop;

1948-49—A minimum of 300,000 tons, the actual tonnage to be negotiated by July 1, 1947.

1949-50—A minimum of 300,000 tons, the actual tonnage to be negotiated by July 1, 1948.

It was understood that signing of the agreement will result in a boost in the initial payments to wheat growers from the present \$1.25 a bushel to somewhere between \$1.30 and \$1.40, probably taking effect on Aug. 1, the beginning of the crop year.

It is expected an announcement will be made shortly on the new initial price.

## SHOULD PRESERVE OLD TIME PICTURES

Pictures of Old Timers, old time events and old time buildings and street scenes are now being collected by the Didsbury Lions Club in an endeavor to make the Old Timers Display at the Jubilee celebration as complete as possible. These pictures should be handed in immediately to J.V. Berscht so that the display can be made up and completed.

Mr. M. Weber, president of the Didsbury Oldtimers Association, has suggested that when this collection is completed it should be preserved and placed in the library at the town office, where all may view it at their leisure.

This does not mean that the pictures will become the property of the library. They will be properly recorded and still belong to the individual, but loaned to the library for display only.

This is a very good suggestion and an opportune time to gather a real collection of old time pictures. Possibly the Oldtimers Association would take the responsibility of preparing such a display for the library when the Jubilee celebration is over.

We do not believe that the Old Timers who have loaned pictures for the display would object to having them placed in a prominent position in our library.

If the suggestion is carried out by the Old Timers' Association we would urge all those who have loaned pictures to the display to give every consideration to the request that their old photographs be loaned for a permanent display in our town library. \*

## DIDSBURY DAIRY INSTALS EQUIPMENT FOR PASTEURIZING MILK AND CREAM

The Didsbury Dairy, owned and operated by Mr. Tom Morris, is now among the most modern small dairies in the province, due to the recent installation of a pasteurizing plant, which completes the equipment for a first-class dairy.

Some time ago Mr. Morris installed a new bottle-washing machine and with its steam heating facilities the local dairy can now produce clean, wholesome milk, free from contamination and fully up to the requirements of the law in respect to dairies producing pasteurized milk.

To consumers who do not relish the thought of using pasteurized milk, it is pointed out that for health's sake alone they should not consider using raw milk in any other form. The full food value is retained in the pasteurized product and babies and children in particular are protected from contracting typhoid fever and other dreaded diseases spread through contaminated milk and cream.

Mr. Morris is to be congratulated on his modern dairy in Didsbury.

## THE HAILED OUT CROP

Every year a substantial number of farmers get their crops hailed out. Hail never brings about a crop disaster on a province wide scale. What are 50,000 acres or 100,000, when it comes to a provincial acreage seeded to wheat of seven or eight millions?

So we never have a crop failure from hail. But what a disaster to the individual who sees his crop beaten into the earth!

Drouth damage comes gradually and it would appear that a farmer can insure himself gradually to failure from that source. But hail hits suddenly, dramatically and overwhelmingly. A man has a crop one minute and ten minutes later he has a tangled field.

Our sympathy goes doubly out to him.—Brooks Bulletin.

## PIONEER IN NEW FORMAT THIS WEEK

It has always been the publisher's desire ever since coming to Didsbury to give the town a more modern paper, with a "clean" front page, and minus the old style "ready print" insides. This week's issue embodies just such a paper and we present it to our readers without hesitation.

We have not consulted our advertisers as to new positions, but have attempted to place these ads to best advantage, and should there be any complaint we would be glad to have it.

Should the new set up be acceptable to our readers and advertisers we will probably continue this style in future, although no decision has been made by the management in this respect.

## That Astonishing Person---Man

This parable by an unknown author, illustrates the said dilemma into which civilization has drifted: "Man can circle the earth without touching the ground; men can kill other men twenty miles away; man can weigh the stars of heaven; man can drag oil from the bowels of the earth; man can compel the icy waterfall to cook his meals hundreds of miles from the stream; man can print a million newspapers in an hour; man can breed the seeds out of oranges; man can coax a hen to lay three hundred and sixty-five eggs a year; man can persuade dogs to smoke pipes and sea lions to play guitars. Man, in other words, is quite an ingenious and remarkable package of physical and mental machinery."

"But when this astonishing person is confronted with one problem, he retires defeated to his hut. Show him six men without money and six loaves of bread belonging to men who cannot use it, but who want money for it, and ask him how the six hungry men can be put in possession of the six surplus loaves, and watch him then. It is then that man attends conferences and appoints committees and holds elections and cries out that a crisis is upon him. He does a score of useless things and then retires to his hut, leaving in the shivering twilight, the tableau of six hungry men and the six unapproachable loaves." —A.F.U. Bulletin

## PLASTIC FURNITURE FOR BRITAIN'S "FLYING HOTELS"

Nylon, used for the first time in aircraft furnishing, is to cover the convertible seat-bunks of Britain's new Short Solent flying boats, twelve of which are being built for British Overseas Airways' Far East routes. The Solent will be the last word in "Flying Hotel" luxury. Its passengers will be able to sleep in comfortable bunks, look out at the scene below from a promenade and have drinks at a bar while

## FIELD JUDGING STARTS MONDAY, JULY 29

Field judging in the \$25,000 National Barley Contest will probably not be general until the week of July 29. Some entries may be judged a few days earlier but generally the crop is later than early season expectations and it will not be possible to have it completed by the end of July as first anticipated.

Three judging panels, one for each province of the western division, have been picked by the provincial committees. The judging personnel for the three provinces numbers about 30.

Uniform judging standards will be followed in all provinces. Contestants should plan to have their fields ready at least by July 29. A few days earlier in some localities would do no harm, especially if fields are well advanced in growth.

## SEE 55 MILES ON GALLON GAS

Sixty-five miles on a gallon of gasoline and speeds up to 50 m.p.h. with two adult passengers, are promised by pilot models of a new 8 1/2-ft. tri-wheeled car, the "Brogan."

The B. & B. Specialty Co., Rossmore, Ohio, is expected to sell the car in Canada between \$400 and \$500 when production is achieved later this year.

It is powered by a 10.1 h.p. Onan air-cooled two-cylinder engine which can be removed in a 15 minute operation. There are no gears to shift—just a gas pedal, a foot brake and an emergency brake.

Flying at nearly two hundred miles per hour. There are electric razor-plugs in the men's dressing room. The women's dressing tables are to be made of plastoply, an immensely strong but light plastic used in aircraft for the first time.

## LINSEED SHORTAGE

There is an acute shortage of linseed throughout the world. The Canadian crop is estimated to be only 83 per cent of average. United States production is placed at 20 million bushels against 37 million

## NOTICE OF PREPARATION OF ASSESSMENT ROLL, 1946

MUNICIPAL DISTRICT OF MOUNTAIN VIEW, NO. 49

Notice is hereby given that the assessment roll of the said Municipal District, made under the provisions of the Assessment Act, has been prepared and will for thirty days be open to inspection at the office of the Secretary-Treasurer of the Municipal District from ten o'clock in the forenoon until two o'clock in the afternoon, on every day not a public holiday except Saturday, and on that day from ten o'clock in the forenoon until two o'clock in the afternoon, and that any person who desires to object to the entry of his name or that of any other person upon the roll, or to the assessment of any property, or to the assessed value placed upon any property must within thirty days from the date of this notice lodge his complaint in writing with the Secretary-Treasurer of the Municipal District.

Dated this 23rd day of July, 1946.  
A. P. BROWN,  
Secretary-Treasurer.

## TEMPORARY SUGAR COUPONS

A new series of sugar coupons for temporary ration cards, bearing a buffalo design instead of the beaver, has just been issued by the Ration Administration of the Wartime Prices and Trade Board. The new buffalo coupons will be given to the coupons bearing the beaver design will continue to be used until further notice so that both buffalo and beaver coupons will now be recognized as valid ration documents for temporary ration card holders, officials said.

## CHILDREN'S CLOTHING

Due to a fifteen per cent increase in labor rates within the children's wear industry, the Wartime Prices and Trade Board has found it necessary to authorize a two per cent increase in maximum prices to compensate manufacturers for increased costs. Boys' and girls' suits, snow suits, play suits, dresses, over coats, and hats up to size six A for boys and 14N for girls are affected by the price increase which will not be reflected in retail stores until the Fall season.

In the smoke-room of the big hotel, the Scot had been boring everyone with tales of the great deeds he had done.

"Well, now," said an Englishman at last, suppose you tell us something you can't do, and by jove, I'll undertake to do it myself."

"Thanks you," replied the Scot, "I cannot say you are here."

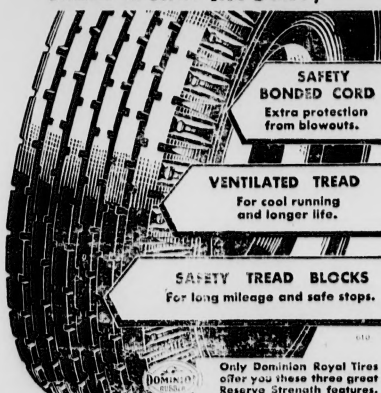

"Mother," asked Billy, "are colds catching?"

"Yes, dear, sometimes," answered his mother.

"Then," said Billy, sniffling, "Maybe I better not dry the dishes tonight. I might get germs on them."

## HAVE ME ALL TIED UP!

It takes a lot of varied materials to make extensions to power lines. There's poles and cross arms, hardware and insulators, and most important of all, wire. And the trouble is that we can't get anywhere near enough of ANY of those things. In spite of everything we can do to speed up delivery, the supplies we are receiving are far from sufficient to meet the requests we now have for power extensions.

If you are one of the many who are waiting for such an extension, we want you to know that we are eager to serve you and ready to do so the moment we receive the materials required.

A New Jersey de luxe gambling establishment was raided by a

platoon of the law. And what evidence was secured of the sucker public being taken to the cleaners? It was found that the house had taken 20,000 and paid out to win-

## The Essential Link

IT'S THE LOCAL TOUCH THAT REALLY COUNTS

The magnetic power of local news to win and hold people's attention is as fundamental as human nature itself. Local news begins to play its part in a man's life with a one-line notice announcing his birth. Progress in school, participation in sports, graduation, engagement, marriage follow... each likely to figure somehow in local news.

Then comes the upward climb in business, perhaps an entry into politics, almost surely some activity in civic, religious and social affairs... each step productive of news that's of vital interest to self, to family, to friends and fellow townspeople. So it goes till death itself writes the final story.

Only in the Hometown Weekly Newspapers can people satisfy their craving for this kind of news, their unceasing curiosity about what goes on close to home. And only there can they find every week the local buying information they need. Which explains very largely why people read The Didsbury Pioneer so eagerly and thoroughly, and why such weekly newspaper advertising produces such satisfactory returns.

Local Business Men cannot afford to neglect these buyers who live in Didsbury and district, and are so well served by

## More Dairy Herds Needed in Europe

Cattle herds have been preserved in most European countries and emphasis is now being placed on the importance of providing enough milk to mothers, children and other classes of population regardless of their financial position. It thus appears, states Agriculture Abroad, issued by the Economics Division, Dominion Department of Agriculture, that the main effort will continue to be centred upon increasing the dairy herds.

With the present feed grain shortage which is likely to continue for at least some years to come, it is probable that beef cattle and hog output will not come back to normal as fast as milk production. It may take several years before the pig herd is replenished in Europe.

Egg production may recover more quickly in Europe. With the exception of a few Western European countries, poultry is a sideline on general farms and largely subsists on offals. In countries now under occupation, the process of restoration is not likely to get under way until the return of more stable conditions.

It is estimated that continental Europe, excluding the Soviet Union will have produced in 1945-46 about 52 to 57 per cent of its average annual meat, cheese, and egg requirements, and about 43 per cent of its whole-milk needs for fluid consumption.

### GRAVELLING PROJECTS ON MANY HIGHWAYS

Gravelling of the main highway between High Prairie and Grande Prairie should be completed soon, according to information received by the Alberta Motor Association. When this project is finished, there will be an all-weather road from Edmonton to Grande Prairie. With the completion of this work, a major step will have been taken toward the ultimate goal of an all-weather highway to the B.C. border to connect with the Alaska highway.

Motorists also found interest this week in the announcement that the contract had been awarded by the Dominion government for the construction of a highway from the Alberta northern boundary to the Yellowknife mining field, a distance of 81 miles. This is estimated to cost \$1,240,000. A Regina firm has been given the contract and is moving in equipment.

Some time ago it was announced that the contract for construction of the road within Alberta, from Grimshaw north to the provincial boundary, had been awarded. This work is going ahead and a certain amount of gravelling has been done.

### FIELD JUDGING ENTRIES CLOSED

Applications for field judging in the National Barley Contest which have now closed appear slightly less than the actual number of original entries.

The list of fields to be judged is now being compiled by the three provincial committees and judges are being allocated their territory to start work as soon as the barley crops are well in hand.

The judging panels are being picked from field crop specialists of the Dominion Department of Agriculture and the Provincial Departments of Agriculture. In some districts they will have to be assisted by outside personnel because of the large number of entries.

The score card approved by the contest committee allows 25 points for general neatness of field and uniform seeding. This is one quarter of the possible score.

Contestants thus have the opportunity to make points by keeping fields trimmed so that they may present a good appearance when the field judges make their inspection.

So far as possible the field judging will be done during July.

A Devonshire farmer's wife, on arriving at the market in town, handed her supply of butter to the merchant. He put it on the scales, and said, "Your butter is short weight."

"That's funny," the woman replied, "We lost our pound weight this morning, so we used a pound of your sugar instead."

### A NOTABLE DIAMOND JUBILEE

(By H.G.L. Strange)

This year 1946 is the Sixtieth Anniversary - the Diamond Jubilee of the founding of the Dominion Experimental Farms. This remarkable system, this chain of Experimental Farms, is second to none in the world. It is the result of the vision of a notable genius - the late Dr. William Saunders - who 60 years ago was gripped by the thought that something more could be done in Canada for the advancement of agriculture, so after much

travel and thought he inaugurated the Experimental Farms System, which now extends from the Pacific to the Atlantic.

Marquis wheat, which extended wheat growing widely over the west, was the first great achievement. Later came rust-resistant wheats, which have saved farmers. It is estimated, an average annual loss of not less than 100 million dollars a year. Notable improvements, too, have been made with other crops, with livestock and products. No one, therefore, can possible assess the high money value to farmers that has resulted from the work of the Dominion Experimental Farms. It can, therefore truly be said that there will never come an end to the great good that has been accomplished for farmers, and so for all Canadians by the work of this most excellent institution with its corps of talented scientists in agriculture.

## BURNSIDE NOTES

The Canadian Legion dance held at the Lone Pine hall on Friday, July 26th was extremely well attended. The crowd, which was very sociable, came from north, south and west. Didsbury, Sunnyslope, Allingham and Carstairs were all well represented.

Mr. and Mrs. P.B. Friesen and family from Groulx, Sask. have been visiting with Sam McAllister and Mrs. Birdale for a week. Mr. Friesen is the United Grain Growers agent in the Saskatchewan town.

Miss Jean Persinger is visiting with her sister Mrs. Ivar Weber.

Mr. and Mrs. Clifford Nelson spent the past week visiting in Calgary and Banff.

Mrs. Isabel McCulloch and family are visiting with her sisters-in-law Mrs. Glen and Mrs. Walter Fulker.

The Shultz boys and Jake Walkenstein were supper guests at the Mardon home on Sunday.

Jonsey says that he has been eating new potatoes from his garden for over a month and that they are so large they run about ten to the dozen.

Mr. and Mrs. Idris Jenkins spent the week end with Ossie and Dennis Jenkins.

Mrs. Sam Elliott and Mrs. Joe Hunter visited with Mrs. Bob McCulloch on Tuesday last.

While visiting friends the little daughter of Harold Davidson was severely bitten by a dog and had to receive medical attention.

The Sunnyslope transport has taken over the job of hauling for the Neapolis Consumers Co-op., formerly performed by Pete Schumaker.

"Alberta Avenue" leading from the cheese factory to the main street of Sunnyslope, has now been gravelled.

Grain crops and gardens are looking better than they have done for years and everyone is hoping for a harvest from each that is worth while. Some burning of the lower end of wheat is noticeable and a rain on some soils is needed to fill out the heads.

A meeting of the Alberta Farmers Union was held at the Lone Pine hall on Monday, July 22nd. Quite a large crowd was in attendance and great interest was shown when the objective and aims of the organization were expounded.

Many joined up and a local was formed to be known as Lone Pine Local No. 310. Mr. Harry Richardson was elected president and Mr. Jas. McCulloch as secretary-treasurer. Executive will be appointed at the next meeting which is to be held on Monday, August 5th, at 8:30 p.m.

**RATION BOOK DISTRIBUTION**  
Local Ration Boards throughout Alberta have been preparing for the distribution of Ration Book No. 6, during the week of September 9 to September 16. Organizational meetings have been held by all local Ration Boards according to reports reaching the Ration Administration of the Wartime Prices and Trade Board.

Local Ration Boards are enlisting the aid of volunteer workers for the distribution campaign, as the same system which was used in former years campaigns will be used for the 1946 distribution.

The great burden of the task of distributing approximately 12,000,000 ration books will fall on Canada's Local Ration Boards and their volunteer supporters. The volunteer services of many citizens have in the past played an important part in the successful operation of rationing throughout the year.

Local Ration Boards will decide during August on the dates for the distribution of the books in their communities. The complete week of September 9 to 16 has been set aside as ration book distribution week, but each Local Ration Board will decide on the days during this week when the books are to be distributed in the territories.

Citizens will be advised through the medium of the press of the distribution date in their own locality. Citizens should arrange to get their new books during their local distribution in order to cooperate with the volunteer workers in their community.

Truth from a friend is tonic. The same words spoken bitterly are poison.

Lorne Reist, 12½ year old son of Mr. and Mrs. Joel Reist of Westward Ho, was drowned at Lake McGregor Friday. Lorne and his sister were visiting their uncle, Gordon Good of Aldersyde and the family party had gone to Lake McGregor on a fishing trip. The lad was standing on a high bank when he slipped into about 15 feet of water. He was alone at the spot at the time and was unable to swim.

**DIDSBURY CONSTITUENCY W.I. MEMBERS ATTEND AT OLDS**

The W.I.'s of Didsbury Constituency were well represented at Olds last week Mrs. Alex Blain and Mrs. Rosegood were present from Rugby; Mrs. Bob McFarlane from Westcott; Mrs. Harold Swanson and Mrs. Gordon Haskins from Bancroft; Miss Myra Hughes, Mrs. Harry Richardson, Mrs. Bill Coates, Mrs. N. Eckel and Mrs. Emily Richardson from Lone Pine.

**Promise Me."**

A reception was held in the Empress hotel. The bridal table was decorated with red roses and centred with a four-tiered wedding cake.

Mr. C. Ashhead ably proposed the toast to the bride to which the groom suitably replied.

Congratulatory telegrams were read, some coming from Great Britain.

Both bride and groom who saw service overseas will make their home in Calgary.

Prior to the wedding a pretty shower was held for the bride at the home of Mrs. F. Befus. A bride's book was made and piano solos were played by Margaret Kinick and Marilyn Befus.

Dressed as a bride, Bernice Befus presented a decorated carriage loaded with gifts to the guest of honor, for which she warmly thanked every one.

A bounteous lunch, to which all the ladies contributed, was then served.

All those who helped were thanked by Miss G. Hunsperger.

BRUSSO—MacNAIR

A quiet but pretty wedding took place on July 31st at the Knox Presbyterian church in Calgary when Catherine Mary Cameron, only daughter of Mr. and Mrs. T. MacNair of Didsbury, became the bride of Capt. Alfred W. Brusso, only son of Mr. and Mrs. A. Brusso also of Didsbury. Rev. Gowan of Calgary performed the ceremony.

The bride, who was given in marriage by her father, wore a fashionable blue gaberdine suit with white accessories. Her corsage was pink and yellow roses.

Her only attendant was Miss Elona Hansen of Medicine Hat, who wore a blue grey suit with yellow accessories. Her corsage was deep pink roses.

Mr. Thomas Roydes of Calgary was best man and Kenneth MacNair, brother of the bride, was usher. During the signing of the register Miss M. Ashhead sang "O-
